## ABOUT NATALIE

I'm a psychic medium, tarot reader, and energy healer based in Chicago's North Shore. I've completed over 350 client sessions and trained in the Spiritualist tradition at Arthur Findlay College in England, the same place professional mediums have studied for over a century. Before this work, I spent years as a speech-language pathologist. That training taught me to listen carefully, ask the right questions, and pay attention to what people actually need. I bring that same attention to every reading.

My approach is grounded. I don't perform mystery or lean on vague language. When I sit down with a client, my job is to deliver clear, useful information they can take back into their lives, whether that's evidence from a loved one who has passed, insight into a relationship dynamic, or guidance through a transition.

I work with people navigating real things: divorces, career shifts, grief, identity changes, the kind of midlife questions that don't have easy answers. Most of my clients come to me skeptical and curious in equal measure. That's exactly the right place to start.

## PARTNERSHIP OFFERINGS

For bookstores, salons, wine bars, galleries, apothecaries, yoga studios, and community spaces. I work with venues across Chicago and the North Shore to bring grounded, professional spiritual programming to their spaces. My events draw warm, engaged audiences and create memorable experiences that bring new foot traffic and repeat visitors through your door.

## WAYS WE CAN WORK TOGETHER

### Workshops & Classes

Tarot study groups, psychic development, beginner tarot, intuitive journaling, and seasonal themed sessions. 90 minutes to 2 hours. Best for bookstores, studios, and community venues.

### Pop-Up Readings

Mini psychic, mediumship, and tarot readings. Perfect for store events, anniversaries, holiday markets, and seasonal pop-ups. I block-book full days so your audience has a reliable window to drop in.

### Featured Events & Themed Nights

Mediumship evenings, tarot circles, full moon gatherings, Day of the Dead, Halloween, and other seasonal programming. Custom-built for your venue's audience.

**Markets, Festivals & Vendor Events** Available for multi-day events, fairs, and pop-up markets as a featured reader.

## HOW PARTNERSHIPS ARE STRUCTURED

I'm flexible and have worked successfully with several models depending on what fits your venue best:

**Ticketed Workshops.** Split door revenue with the venue.

**Recurring Programming.** Flat rate per session, split with the venue (e.g., ongoing study group).

**Pop-Up Readings.** Commission-based on per-reading rates, or flat day rate.

**Hosted Events.** Venue keeps food and beverage sales; I keep reading revenue.
